NOTICE TO THE TRADE-DECA NOTICE 15-24

SUBJECT: Appreciation of Industry Support at Fort Lee and Quantico Resets

The purpose of this “Notice to the Trade” is to thank Industry partners who participated in the recent Fort Lee and Quantico resets. Both were prime examples of how outstanding teamwork can generate success in all aspects of a store reset. Several sections were reset in each store and completed during closed hours with minimal customer service impact. Much appreciation to all that participated with the pull down of products, electronic shelf label process, and shelf replenishment – all important to the reset process and serving our customers!

Again, thanks to all for your continued support.
