

Biography

DEFENSE COMMISSARY AGENCY

1300 E Avenue, Fort Lee, Virginia 23801-1800

Lt. Col. Angela M. Schmillen **Director of Public Health and Safety**

Army Lt. Col. Angela M. Schmillen is the Defense Commissary Agency's director of Public Health and Safety. She supports the DeCA Director, his staff, and the entire DeCA network of stores and distribution facilities by developing policy and providing advice on issues pertaining to personnel safety, food safety and food defense. Her appointment was effective July 1.

At DeCA, Lt. Col. Schmillen leads and manages the agency's health and safety personnel in Asia, Europe and the United States, providing review and oversight of health and safety site visits to include disposition of issues identified. She and her headquarters staff provide the DeCA interface with other military and federal public health, food safety, and personnel safety elements.

Before coming to DeCA, Lt. Col. Schmillen served as the deputy director for Force Health Protection, Army Capability Manager – Army Health System at the Medical Center of Excellence at Fort Sam Houston, Texas. There she worked to identify issues and facilitate solution implementation within the DoD model Doctrine, Organization, Training, Materiel, Leadership and education, Personnel, Facilities and Policy (DOTMLPF-P) domains as they impact operational force health protection capabilities.

Lt. Col. Schmillen has been a veterinarian for 16 years, graduating veterinary school in 2005 from the University of Florida. She subsequently entered active duty as a Captain in the Army Veterinary Corps.

Her previous assignments included stops at Mountain Home Air Force Base, Idaho; Mannheim, Germany; and Fort Hood, Texas, where she served as a veterinary preventive medicine instructor for the First Year Graduate Veterinary Education. There she taught and mentored three cohorts of newly commissioned Army Veterinary Corps officers in food safety, public health and their leadership responsibilities as an Army veterinarian.

Lt. Col. Schmillen was later assigned to the US Army Pacific (USARPAC) Surgeon's Office at Fort Shafter, Hawaii, as the command veterinarian. There she provided guidance to USARPAC leadership on the usage of veterinary assets in the Pacific theater, along with working operational food safety and force health protection with all service components.

At USARPAC, Lt. Col. Schmillen also supported global health engagements through the command's Theater Security Cooperation program to develop five-year health strategies for Indo-Pacific and partner nations.
