

Biography

DEFENSE COMMISSARY AGENCY

1300 E Avenue, Fort Lee, Virginia 23801-1800

Tim Snyder **Director of Engineering**

Tim Snyder is the Director of Engineering for the Defense Commissary Agency, with headquarters at Fort Lee, Va. He is responsible for the planning, programming, design, construction, maintenance, and repair of commissary facilities worldwide.

Mr. Snyder assumed the position of Director of Facilities in 2022 after servicing with the Defense Logistics Agency (DLA), where he was the Director for Facilities and Equipment. His responsibility included the military construction, facility sustainment, general equipment, real property, lease management, fleet management, energy management, operational technology, and host support agreement programs. Mr. Snyder was commended by the Deputy Secretary of Defense for his work as the audit process owner for Property Plant and Equipment.

From 2017 to 2019, Mr. Snyder was the Chief of the Installation Support Branch with the U.S. Army Corps of Engineers (USACE) in Wiesbaden Germany. In this position, he managed a diverse program of master planning, maintenance and service contracts, project design, and developing scope the support the Installation Public Works Offices throughout Europe. He was selected to be the technical expert for the USACE in developing a manual and rewriting the training for Job Order Contracting, a simplified Indefinite Delivery Indefinite Quantity (IDIQ) construction delivery method.

Prior to this position, Mr. Snyder spent 11 years in several positions as the Installation Management Chief for DLA and Director of Public Works for the Army Installation Management Command. He was responsible for various administrative and managerial duties to include Army Family Housing, long-range installation planning, facility maintenance, construction projects, base services, environmental compliance, and utilities with an annual budget of up to \$240 million. Mr. Snyder received the Superior Civilian Service award for his long-term facilities planning and transformational initiative while at DLA.
